Stereotyping Africa. Surprising Answers to Surprising Questions Fru Doh, 2009-11-01 Characteristically Africans in any Western country are asked so many different questions about Africa as Westerners love to refer to the many countries that make up that huge continent as if Africa were a single nation state So one begins wondering why it is that Africans on the other hand do not refer to individual European countries as Europe simply then the trends and consequences of stereotyping begin setting in just as one is getting used to being asked if Africa has a president or if one can say something in African It is some of these questions that Emmanuel Fru Doh has collected over the years and has attempted answering them in an effort to shed some light on a continent that is in many ways like the rest of the world when not better but which so many love to paint as dark backward chaotic and pathetic
