Folly Laurie R. King, 2002-05-28 An acclaimed master of suspense creates a heroine you will never forget in this superbly chilling novel of a woman who begins a desperate undertaking that may transform her life or end it WHAT HAPPENS IF YOUR WORST FEARS AREN T ALL IN YOUR MIND Rae Newborn is a woman on the edge on the edge of sanity on the edge of tragedy and now on the edge of the world She has moved to an island at the far reaches of the continent to restore the house of an equally haunted figure her mysterious great uncle but as her life begins to rebuild itself along with the house his story starts to wrap around hers Powerful forces are stirring but Rae cannot see where her reality leaves off and his fate begins Fifty two years old Rae must battle the feelings that have long tormented her panic melancholy and a skin crawling sense of watchers behind the trees Before she came here she believed that most of the things she feared existed only in her mind And who can say as disturbing incidents multiply if any of the watchers on Folly Island might be real Is Rae paranoid as her family and the police believe or is the threat real Is the island alive with promise or with dangers With Folly award winning author LAURIE R KING once again powerfully redefines psychological suspense on a sophisticated and harrowing new level and proves why legions of readers and reviewers have named her a master of the genre

Experience Psychology Laura King, 2009-10-05 Do you want your students to just take psychology or to experience psychology Experience Psychology is a first Its groundbreaking adaptive questioning diagnostic and personalized study plan help students know what they know while guiding them to experience and learn what they don t know through engaging interactivities exercises and readings After all to truly understand psychology and all its wonders one must experience it firsthand And luckily there are so many natural opportunities to do so Psychology is all around us in our relationships our homes our communities our schools and our work But linking everyday experiences to the academic discipline of Psychology is not always so easy Laura King s Experience Psychology was built to do just that Experience Psychology introduces function before dysfunction building student awareness and understanding by looking first at typical everyday behavior before delving into the less common and likely less personally experienced rare and abnormal Experience Psychology places the science of psychology and the research that helps students see the academic underpinnings at the forefront of the course and at the same time offers an abundance of applications that helps students connect the science of psychology to the world around them At the same time Intersections ensure students experience psychology as the interconnected discipline it is Experience Psychology helps students to perform to their maximum potential in and out of the classroom fully engaging them in the content and experiences that comprise the world s most popular undergraduate major

The Psychology of Sex (Vol. 1-6) Havelock Ellis,2022-12-10 This edition contains three studies which seem to me to be necessary prolegomena to that analysis of the sexual instinct which must form the chief part of an investigation into the psychology of sex The first sketches the main outlines of a complex emotional state which is of fundamental importance in sexual psychology the second by bringing together evidence from widely different regions suggests a tentative explanation of facts that are still imperfectly known the third attempts to show that even in fields where we assume our knowledge to be adequate a broader view of the phenomena teaches us to suspend judgment and to adopt a more cautious attitude So far as they go these studies are complete in themselves their special use as an introduction to a more comprehensive analysis of sexual phenomena is that they bring before us under varying aspects a characteristic which though often ignored is of the first importance in obtaining a clear understanding of the facts the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner affecting women differently from men This is a tendency which later I hope to make still more apparent for it has practical and social as well as psychological implications Here and more especially in the study of those spontaneous solitary manifestations which I call auto erotic I have attempted to clear the ground and to indicate the main lines along which the progress of our knowledge in these fields may best be attained

Psychology R. H. Ettinger,2011

Developmental Psychology Rachel Gillibrand, Virginia Lam, Victoria L. O'Donnell,2011-09-21 Why does our memory of our first birthday differ from our memory of our last birthday What makes children with the same parents have different characters At what age are children likely to become involved in cyberbullying Developmental Psychology 1st edition provides a clear and lively coverage of the main topics and concepts required by the British Psychological Society BPS The book takes a broadly topical organisation addressing the social and cognitive strands of development providing an intuitive pathway through the core topics and a final section which focuses on the clinical and applied aspects of the subject The text has been pedagogically developed to encourage the reader to engage with empirical research as well as theory to make links between different areas of development and to recognise common themes
