Chesterton,Aeterna Press,2018-03-22 These tales concern the doing of things recognized as impossible to do impossible to believe and as the weary reader may well cry aloud impossible to read about Did the narrator merely say that they happened without saying how they happened they could easily be classified with the cow who jumped over the moon or the more introspective individual who jumped down his own throat In short they are all tall stories and though tall stories may also be true stories there is something in the very phrase appropriate to such a topsy turvydom for the logician will presumably class a tall story with a corpulent epigram or a long legged essay It is only proper that such impossible incidents should begin in the most prim and prosaic of all places and apparently with the most prim and prosaic of all human beings Aeterna Press

**Birth of a Reformation** Andrew Byers, 2015-03-19 The life and labors of D S Warner are so closely associated with a religious movement that any attempt at his biography becomes in part necessarily a history of that movement I have therefore chosen the term Birth of a Reformation as a part of the title of this book Brother Warner to use an appellation in keeping with the idea of universal Christian brotherhood was doubtless chosen of God as an instrument for accomplishing a particular work What that work was why it may be called a reformation and why in particular it may be considered the last reformation a few words of explanation by way of introduction are offered the inquiring reader It will be necessary to take a brief glance over the Christian era and review some of the important events and conditions We note the characteristics of the church in the days of the apostles which by reason of its recent founding and organization by the Holy Spirit is naturally regarded as exemplary and ideal It had no creed but the Scriptures and no government but that administered by the Holy Spirit who set the members in the body as it pleased him apostles prophets teachers evangelists pastors etc Thus subject to the Spirit the early church was flexible capable of expansion and of walking in all the truth and of adjusting itself to all conditions It was in very essence the church the whole and not a section or part The apostles and early believers did not restrict themselves and become a Jewish Christian sect or any other kind of sect Peter s way of thinking would have thus limited him for as a Jew he declined any particular interest in Gentile converts but the Lord through a vision changed his mind and advanced his understanding to include the universality of the Christian kingdom The Holy Spirit in the heart was necessary of course to the successful government of the church by the Spirit otherwise he could not have been understood There were no dividing lines for it was the will of the Lord particularly that there be one fold and one shepherd Jesus had prayed in behalf of the disciples that they all may be one as thou Father art in me and I in thee that they also may be one in us that the world may believe that thou hast sent me These conditions of being subject to the word and Spirit of leaving an open door through which greater light and truth might enter as was necessary and of possessing the love and unity of spirit that cemented the believers together and carried them through all their persecution constituted the ideal and normal status of God s church on earth as he gave it beginning of which it was ordained that there should be but one only one as long as the world should endure There is one body and one Spirit even as ye are called in one hope of your calling
