The Tao of Warren Buffett Mary Buffett, David Clark, 2006-11-21 A collection of the inspiring words and wisdom from America's favorite businessman that reveal his secrets of success from the bestselling authors of *Buffettology* and *The New Buffettology*. Like the sayings of the ancient Chinese philosopher Lao tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett, author of three books on Warren Buffett's investment methods, joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett and the shareholders of Berkshire Hathaway so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all: common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor, large or small, and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says, "You should invest in a business that even a fool can run because someday a fool will." No matter how great the talent or effort, some things just take time. You can't produce a baby in one month by getting nine women pregnant. Our method is very simple: We just try to buy businesses with good to superb underlying economics, run by honest and able people, and buy them at sensible prices. That's all I'm trying to do. *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic.

Do what you like, and you will find a way to make money. Do what you hate, and you will be miserable, even if you are rich. *Managing Employees*: place honesty on the same level as intelligence as a managerial attribute. How to keep managers inspired and working hard. *Managing the Business*: Buffett has learned that companies that have a durable competitive advantage over their competitors consistently earn more money year after year and are the easiest to manage. *Managing of Personal Money*: discover the simple rules that Buffett uses for buying other businesses and how he has incorporated them into his own personal investment style.
