*A Cultural History of Jewish Dress* Eric Silverman, 2013-08-29 *A Cultural History of Jewish Dress* is the first comprehensive account of how Jews have been distinguished by their appearance from Ancient Israel to the present. For centuries Jews have dressed in distinctive ways to communicate their devotion to God, their religious identity, and the proper earthly roles of men and women. This lively work explores the rich history of Jewish dress, examining how Jews and non-Jews alike debated and legislated Jewish attire in different places, as well as outlining the big debates on dress within the Jewish community today. Focusing on tensions over gender, ethnic identity, and assimilation, each chapter discusses the meaning and symbolism of a specific era or type of Jewish dress. What were biblical and rabbinic fashions? Why was clothing so important to immigrant Jews in America? Why do Hassidic Jews wear black? When did yarmulkes become bar mitzvah souvenirs? The book also offers the first analysis of how young Jewish adults today announce on caps, shirts, and even undergarments their striving to transform Jewishness from a religious and historical heritage into an ethnic identity that is hip, racy, and irreverent. Fascinating and accessibly written, *A Cultural History of Jewish Dress* will appeal to anybody interested in the central role of clothing in defining Jewish identity.

*Drapery* Gen Doy, 2001-12-21 Gen Doy investigates the hitherto neglected meanings of drapery and the draped body in visual culture. The baroque and the classical are her subjects, as are Freud's *Gravida*, Clerambault's writings, and photographs of draped figures. The fetishistic play between veiling and revealing, and the meanings of drapery in recent art, from Christo's wrapped Reichstag to the impact of the modern women's movement on fine art practice, are also explored. Yet she also finds and focuses on the draped body now, in places like Algeria and Kosovo, where drapery's connotations are no longer those of purity and civilized elegance but of barbarism, poverty, and savage death.

*Fashioning Bollywood* Clare M. Wilkinson-Weber, 2013-12-19 The Hindi film industry, among the most prolific in the world, has delighted audiences for decades with its colourful, exquisite, and sometimes startling costumes. But are costumes more than just a source of pleasure? This book, the first in-depth exploration of Hindi film costume, contends that they are a unique source of knowledge about issues ranging from Indian taste and fashion to questions of identity, gender, and work. Anthropological and film studies approaches combine to analyze costume as the outcome of production processes and as a cinematic device for conveying meaning. Chapters lead from the places where costume is planned and executed to explorations of characterization, the actor's body, spectacles of fashion, to the imagining of historical or fantasy worlds through dress, to the power of stardom to launch clothing styles into the public domain. As well as charting the course of film costume as it parallels important trends in cultural history, the book considers the future of Hindi film costume in the context of new strains of filmmaking that stress unvarnished realism. *Fashioning Bollywood* will appeal to students and scholars of Indian culture, anthropology, and fashion, as well as anyone who has seen and enjoyed Hindi films.

*Dress, Fashion and Technology* Phyllis G. Tortora, 2015-02-26 Technology has been an essential factor in the production of dress and the cultures of fashion throughout human history Structured chronologically from prehistory to the present day this is the first broad study of the complex relationship between dress and technology Over the course of human history dress making and fashion technology has changed beyond recognition from needles and human hands in the ancient world to complex 20th century textile production machines it has now come to include the technologies that influence dress styles and the fashion industry while fashion itself may drive aspects of technology In the last century new technologies such as the electronic media and high tech manufacturing have helped not just to produce but to define fashion the creation of automobiles prompted a decline in long skirts for women while the beginnings of space travel caused people to radically rethink the function of dress In many ways technology has itself created avant garde and contemporary fashions Through an impressive range of international case studies the book challenges the perception that fashion is unique to western dress and outlines the many ways in which dress and technology intersect *Dress Fashion and Technology* is ideal reading for students and scholars of fashion studies textile history anthropology and cultural studies

*Fashion History* Linda Welters, Abby Lillethun, 2018-02-08 *Fashion History A Global View* proposes a new perspective on fashion history Arguing that fashion has occurred in cultures beyond the West throughout history this groundbreaking book explores the geographic places and historical spaces that have been largely neglected by contemporary fashion studies bringing them together for the first time Reversing the dominant narrative that privileges Western Europe in the history of dress Welters and Lillethun adopt a cross cultural approach to explore a vast array of cultures around the globe They explore key issues affecting fashion systems ranging from innovation production and consumption to identity formation and the effects of colonization Case studies include the cross cultural trade of silk textiles in Central Asia the indigenous dress of the Americas and of Hawai i the cosmetics of the Tang Dynasty in China and stylistic innovation in sub Saharan Africa Examining the new lessons that can be deciphered from archaeological findings and theoretical advancements the book shows that fashion history should be understood as a global phenomenon originating well before and beyond the fourteenth century European court which is continually and erroneously cited as fashion s birthplace Providing a fresh framework for fashion history scholarship *Fashion History A Global View* will inspire inclusive dress narratives for students and scholars of fashion anthropology and cultural studies

**The Fabric of American Literary Realism** Babak Elahi, 2014-01-10 This critical study traces the connections between the rising economic importance of the garment industry and the advent of a powerful movement towards literary realism in American fiction Examining the works of Henry James Theodor Dreiser Abraham Cahan Anzia Yeziarska and Willa Cather and the shifting of the American ideal from the homespun to the ready made it explains how that cultural and psychological change appeared in the new literature of the nation

*The Globetrotting Shopaholic* Annessa Ann Babic, Tanfer Emin Tunc, 2009-10-02 The thrust of the literature on consumer space and society focuses on product labeling marketing techniques and approaches to branding as well as how mass consumer culture has reshaped individuals interaction with needs and desires Globetrotting Shopaholics departs from this current discourse by examining both consumption venues and the cultural political and social reasons why we consume It elucidates international trends in consumption politics and how they impact the creation of consumer spaces which in this book takes the form of numerous global loci including Canada s West Edmonton Mall Japanese theme parks shopping venues in the Philippines and expat boutiques in Budapest Using a wide range of epistemological frameworks including cultural ethnography historical analysis literary theory sociological dissection anthropological examination and philosophical ruminations this collection conveys how material objects and lifestyles are accumulated and represented internationally and how consumer goods and spaces define who we are as human beings

*Vampire Culture* Maria Mellins, 2013-08-01 Unique and exciting this ethnographic study is the first to address a little known subculture which holds a fascination for many The first decade of the twenty first century has displayed an ever increasing fixation with vampires from the recent spate of phenomenally successful books films and television programmes to the return of vampire like style on the catwalk Amidst this hype there exists a small dedicated community that has been celebrating their interest in the vampire since the early 1990s The London vampire subculture is an alternative lifestyle community of people from all walks of life and all ages from train drivers to university lecturers who organise events such as fang fittings gothic belly dancing late night graveyard walks and carve your own tombstone Mellins presents an extraordinary account of this fascinating subculture which is largely unknown to most people Through case study analysis of the female participants Vampire Culture investigates women s longstanding love affair with the undead and asks how this fascination impacts on their lives from fiction to fashion Vampire Culture includes photography from community member and professional photographer SoulStealer and is an essential read for students and scholars of gender film television media fashion culture sociology and research methods as well as anyone with an interest in vampires style subcultures and the gothic

**The Geographies of Fashion** Louise Crewe, 2017-03-23 Clothes are inherently geographical objects yet few of us consider the social and economic significance of their journey from design to production to consumption The Geographies of Fashion is the first in depth study of fashion economies from a geographer's perspective exploring the complex relationship between our attachment to the clothes we own love and desire and their geographic and economic ties How far does a garment physically travel from factory to wardrobe How do clothes come to have social or economic value and who or what creates it What are the geographies of fashion and how do they interact with one another This ground breaking book powerfully reframes fashion spaces from the body to the city digital or virtual space to material production positioning fashion at the centre of contemporary culture and collective identities Combining contemporary theoretical approaches with a cutting edge analysis of international fashion brands and institutions including Maison Martin Margiela Zara Louis Vuitton ASOS and Savile Row The Geographies of Fashion is essential reading for students of fashion geography and related disciplines including sociology architecture and design
