A Hunger for God John Piper,2013-04-23 There is an appetite for God And it can be awakened I invite you to turn from the dulling effects of food and the dangers of idolatry and to say with some simple fast This much O God I want you Our appetites dictate the direction of our lives whether it be the cravings of our stomachs the passionate desire for possessions or power or the longings of our spirits for God But for the Christian the hunger for anything besides God can be an arch enemy While our hunger for God and Him alone is the only thing that will bring victory Do you have that hunger for Him As John Piper puts it If we don t feel strong desires for the manifestation of the glory of God it is not because you have drunk deeply and are satisfied It is because we have nibbled so long at the table of the world Our soul is stuffed with small things and there is no room for the great If we are full of what the world offers then perhaps a fast might express or even increase our soul s appetite for God Between the dangers of self denial and self indulgence is this path of pleasant pain called fasting It is the path John Piper invites you to travel in this book For when God is the supreme hunger of your heart He will be supreme in everything And when you are most satisfied in Him He will be most glorified in you

Luxury Arts of the Renaissance Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting sculpture and architecture the major arts Yet contemporaries often held the minor arts gem studded goldwork richly embellished armor splendid tapestries and embroideries music and ephemeral multi media spectacles in much higher esteem Isabella d Este Marchesa of Mantua was typical of the Italian nobility she bequeathed to her children precious stone vases mounted in gold engraved gems ivories and antique bronzes and marbles her favorite ladies in waiting by contrast received mere paintings Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components paintings and sculptures in modest materials although discussed by some literati were of lesser consequence This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as decorative or minor arts extravagant trinkets of the rich unworthy of the status of Art Then by re examining the objects themselves and their uses in their day she shows how sumptuous creations constructed the world and taste of Renaissance women and men

Truth Triumphant Wilkinson, Benjamin George, 2015-02-23 A much neglected field of study has been opened by the research of the author into the history of the Christian church from its apostolic origins to the close of the eighteenth century Taking as his thesis the prominence given to the Church in the Wilderness in Bible prophecy and the fact that the Church in the Wilderness and not the proud hierarchy enthroned in the world's great capital was the true church of Christ he has spent years developing this subject In its present form Truth Triumphant represents much arduous research in the libraries of Europe as well as in America Excellent ancient sources are most difficult to obtain but the author has been successful in gaining access to many of them To crystallize the subject matter and make the historical facts live in modern times the author also made extensive travels throughout Europe and Asia The doctrines of the primitive Christian church spread to Ireland Scotland and Wales As grains of a mustard seed they lodged in the hearts of many Godly souls in southern France and northern Italy people known as the Albigenses and the Waldenses The faith of Jesus was valiantly upheld by the Church of the East This term as used by the author not only includes the Syrian and Assyrian Churches but is also the term applied to the development of apostolic Christianity throughout the lands of the East The spirit of Christ burning in the hearts of loyal men who would not compromise with paganism sent them forth as missionaries to lands afar Patrick Columbanus Marcos and a host of others were missionaries to distant lands They braved the ignorance of the barbarian the intolerance of the apostate church leaders and the persecution of the state in order that they might win souls to God To unfold the dangers that were ever present in the conflict of the true church against error to reveal the sinister working of evil and the divine strength by which men of God made truth triumphant to challenge the Remnant Church today in its final controversy against the powers of evil and to show the holy unchanging message of the Bible as it has been preserved for those who will fear God and keep His commandments these are the sincere aims of the author as he presents this book to those who know the truth MERLIN L NEFF
