Tibetan Demonology Christopher Bell,2020-07-16 Tibetan Demonology discusses the rich taxonomy of gods and demons encountered in Tibet These spirits are often the cause of and exhorted for diverse violent and wrathful activities This Element consists of four thematic sections The first section Spirits and the Body explores oracular possession and spirit induced illnesses The second section Spirits and Time discusses the role of gods in Tibetan astrology and ritual calendars The third section Spirits and Space examines the relationship between divinities and the Tibetan landscape The final section Spirits and Doctrine explores how certain deities act as fierce protectors of religious and political institutions

The Cult of Tara Stephan Beyer,2023-11-10 The real history of man is the history of religion The truth of the famous dictum of Max Muller the father of the History of Religions is nowhere so obvious as in Tibet Western students have observed that religion and magic pervade not only the forms of Tibetan art politics and society but also every detail of ordinary human existence And what is the all pervading religion of Tibet The Buddhism of that country has been described to us of course but that does not mean the question has been answered The unique importance of Stephan Beyer s work is that it presents the vital material ignored or slighted by others the living ritual of Tibetan Buddhists The reader is made a witness to cultic proceedings through which the author guides him carefully He does not force one to accept easy explanations nor does he direct one s attention only to aspects that can be counted on to please He leads one step by step without omitting anything through entire rituals and interprets whenever necessary without being unduly obtrusive Oftentimes as in the case of the many hymns to the goddess Tara the superb translations speak directly to the reader and it is indeed as if the reader himself were present at the ritual

Glimpses of Tibetan Divination Petra H. Maurer, Donatella Rossi, Rolf Scheuermann, 2020 Glimpses of Tibetan Divination Past and Present is the first book of its kind in that it contains articles by a group of eminent scholars who approach the subject matter by investigating it through various facets and salient historical figures Over the centuries Tibetans developed many practices of prognostication and adapted many others from neighboring cultures and religions In this way Tibetan divination evolved into a vast field of ritual expertise that has been largely neglected in Tibetan Studies The Tibetan repertoire of divinatory techniques is rich and immensely varied Accordingly the specimen of practices discussed in this volume many of which remain in use today merely serve as examples that offer glimpses of divination in Tibet Contributors are Per Kv rne Brandon Dotson Ai Nishida Dan Martin Petra Maurer Charles Ramble Donatella Rossi Rolf Scheuermann Alexander Smith and Agata Bareja Starzynska

Identity, Ritual and State in Tibetan Buddhism Martin A. Mills, 2013-11-05 This is a major anthropological study of contemporary Tibetan Buddhist monasticism and tantric ritual in the Ladakh region of North West India and of the role of tantric ritual in the formation and maintenance of traditional forms of state structure and political consciousness in Tibet Containing detailed descriptions and analyses of monastic ritual the work builds up a picture of Tibetan tantric traditions as they interact with more localised understandings of bodily identity and territorial cosmology to produce a substantial re interpretation of the place of monks as ritual performers and peripheral householders in Ladakh The work also examines the central and indispensable role of incarnate lamas such as the Dalai Lama in the religious life of Tibetan Buddhists

Being a Buddhist Nun Kim Gutschow, 2009-07-01 They may shave their heads don simple robes and renounce materialism and worldly desires But the women seeking enlightenment in a Buddhist nunnery high in the folds of Himalayan Kashmir invariably find themselves subject to the tyrannies of subsistence subordination and sexuality Ultimately Buddhist monasticism reflects the very world it is supposed to renounce Butter and barley prove to be as critical to monastic life as merit and meditation Kim Gutschow lived for more than three years among these women collecting their stories observing their ways studying their lives Her book offers the first ethnography of Tibetan Buddhist society from the perspective of its nuns Gutschow depicts a gender hierarchy where nuns serve and monks direct where monks bless the fields and kitchens while nuns toil in them Monasteries may retain historical endowments and significant political and social power yet global flows of capitalism tourism and feminism have begun to erode the balance of power between monks and nuns Despite the obstacles of being considered impure and inferior nuns engage in everyday forms of resistance to pursue their ascetic and personal goals A richly textured picture of the little known culture of a Buddhist nunnery the book offers moving narratives of nuns struggling with the Buddhist discipline of detachment Its analysis of the way in which gender and sexuality construct ritual and social power provides valuable insight into the relationship between women and religion in South Asia today

Red Shambhala Andrei Znamenski, 2012-12-19 Many know of Shambhala the Tibetan Buddhist legendary land of spiritual bliss popularized by the film Shangri La But few may know of the role Shambhala played in Russian geopolitics in the early twentieth century Perhaps the only one on the subject Andrei Znamenski's book presents a wholly different glimpse of early Soviet history both erudite and fascinating Using archival sources and memoirs he explores how spiritual adventurers revolutionaries and nationalists West and East exploited Shambhala to promote their fanatical schemes focusing on the Bolshevik attempt to use Mongol Tibetan prophecies to railroad Communism into inner Asia We meet such characters as Gleb Bokii the Bolshevik secret police commissar who tried to use Buddhist techniques to conjure the ideal human and Nicholas Roerich the Russian painter who driven by his otherworldly Master and blackmailed by the Bolshevik secret police posed as a reincarnation of the Dalai Lama to unleash religious war in Tibet We also learn of clandestine activities of the Bolsheviks from the Mongol Tibetan Section of the Communist International who took over Mongolia and then dressed as lama pilgrims tried to set Tibet ablaze and of their opponent Ja Lama an avenging lama fond of spilling blood during his tantra rituals
