

A close-up photograph of a Tibetan protective deity mask. The mask is primarily red with a large, open mouth showing white teeth and a red tongue. It has large, bulging eyes with blue and white details. On top of the main mask, there are three smaller, white masks with red and black markings, arranged in a row. The mask is set against a dark, blurred background that suggests a ceremonial or religious setting with some lights.

The Cult of Tara Stephan Beyer,2023-11-10 The real history of man is the history of religion The truth of the famous dictum of Max Muller the father of the History of Religions is nowhere so obvious as in Tibet Western students have observed that religion and magic pervade not only the forms of Tibetan art politics and society but also every detail of ordinary human existence And what is the all pervading religion of Tibet The Buddhism of that country has been described to us of course but that does not mean the question has been answered The unique importance of Stephan Beyer s work is that it presents the vital material ignored or slighted by others the living ritual of Tibetan Buddhists The reader is made a witness to cultic proceedings through which the author guides him carefully He does not force one to accept easy explanations nor does he direct one s attention only to aspects that can be counted on to please He leads one step by step without omitting anything through entire rituals and interprets whenever necessary without being unduly obtrusive Oftentimes as in the case of the many hymns to the goddess Tara the superb translations speak directly to the reader and it is indeed as if the reader himself were present at the ritual

Maurer, Donatella Rossi, Rolf Scheuermann, 2020 Glimpses of Tibetan Divination Past and Present is the first book of its kind in that it contains articles by a group of eminent scholars who approach the subject matter by investigating it through various facets and salient historical figures Over the centuries Tibetans developed many practices of prognostication and adapted many others from neighboring cultures and religions In this way Tibetan divination evolved into a vast field of ritual expertise that has been largely neglected in Tibetan Studies The Tibetan repertoire of divinatory techniques is rich and immensely varied Accordingly the specimen of practices discussed in this volume many of which remain in use today merely serve as examples that offer glimpses of divination in Tibet Contributors are Per Kv rne Brandon Dotson Ai Nishida Dan Martin Petra Maurer Charles Ramble Donatella Rossi Rolf Scheuermann Alexander Smith and Agata Bareja Starzynska

Being a Buddhist Nun Kim Gutschow, 2009-07-01 They may shave their heads don simple robes and renounce materialism and worldly desires But the women seeking enlightenment in a Buddhist nunnery high in the folds of Himalayan Kashmir invariably find themselves subject to the tyrannies of subsistence subordination and sexuality Ultimately Buddhist monasticism reflects the very world it is supposed to renounce Butter and barley prove to be as critical to monastic life as merit and meditation Kim Gutschow lived for more than three years among these women collecting their stories observing their ways studying their lives Her book offers the first ethnography of Tibetan Buddhist society from the perspective of its nuns Gutschow depicts a gender hierarchy where nuns serve and monks direct where monks bless the fields and kitchens while nuns toil in them Monasteries may retain historical endowments and significant political and social power yet global flows of capitalism tourism and feminism have begun to erode the balance of power between monks and nuns Despite the obstacles of being considered impure and inferior nuns engage in everyday forms of resistance to pursue their ascetic and personal goals A richly textured picture of the little known culture of a Buddhist nunnery the book offers moving narratives of nuns struggling with the Buddhist discipline of detachment Its analysis of the way in which gender and sexuality construct ritual and social power provides valuable insight into the relationship between women and religion in South Asia today

Red Shambhala Andrei Znamenski, 2012-12-19 Many know of Shambhala the Tibetan Buddhist legendary land of spiritual bliss popularized by the film Shangri La But few may know of the role Shambhala played in Russian geopolitics in the early twentieth century Perhaps the only one on the subject Andrei Znamenski's book presents a wholly different glimpse of early Soviet history both erudite and fascinating Using archival sources and memoirs he explores how spiritual adventurers revolutionaries and nationalists West and East exploited Shambhala to promote their fanatical schemes focusing on the Bolshevik attempt to use Mongol Tibetan prophecies to railroad Communism into inner Asia We meet such characters as Gleb Bokii the Bolshevik secret police commissar who tried to use Buddhist techniques to conjure the ideal human and Nicholas Roerich the Russian painter who driven by his otherworldly Master and blackmailed by the Bolshevik secret police posed as a reincarnation of the Dalai Lama to unleash religious war in Tibet We also learn of clandestine activities of the Bolsheviks from the Mongol Tibetan Section of the Communist International who took over Mongolia and then dressed as lama pilgrims tried to set Tibet ablaze and of their opponent Ja Lama an avenging lama fond of spilling blood during his tantra rituals
