Jesus for President Shane Claiborne,Chris Haw,2009-08-30 Jesus for President is a radical manifesto to awaken the Christian political imagination reminding us that our ultimate hope lies not in partisan political options but in Jesus and the incarnation of the peculiar politics of the church as a people set apart from this world In what can be termed lyrical theology Jesus for President poetically weaves together words and images to sing rather than dictate its message It is a collaboration of Shane Claiborne's writing and stories Chris Haw's reflections and research and Chico Fajardo Heflin's art and design Drawing upon the work of biblical theologians the lessons of church history and the examples of modern day saints and ordinary radicals Jesus for President stirs the imagination of what the Church could look like if it placed its faith in Jesus instead of Caesar A fresh look at Christianity and empire Jesus for President transcends questions of Should I vote or not and Which candidate by thinking creatively about the fundamental issues of faith and allegiance It's written for those who seek to follow Jesus rediscover the spirit of the early church and incarnate the kingdom of God

Post Corona Scott Galloway, 2020-11-24 New York Times bestseller Few are better positioned to illuminate the vagaries of this transformation than Galloway a tech entrepreneur author and professor at New York University's Stern School In brisk prose and catchy illustrations he vividly demonstrates how the largest technology companies turned the crisis of the pandemic into the market share grabbing opportunity of a lifetime The New York Times As good an analysis as you could wish to read The Financial Times From bestselling author and NYU Business School professor Scott Galloway comes a keenly insightful urgent analysis of who stands to win and who's at risk to lose in a post pandemic world The COVID 19 outbreak has turned bedrooms into offices pitted young against old and widened the gaps between rich and poor red and blue the mask wearers and the mask haters Some businesses like home exercise company Peloton video conference software maker Zoom and Amazon woke up to find themselves crushed under an avalanche of consumer demand Others like the restaurant travel hospitality and live entertainment industries scrambled to escape obliteration But as New York Times bestselling author Scott Galloway argues the pandemic has not been a change agent so much as an accelerant of trends already well underway In Post Corona he outlines the contours of the crisis and the opportunities that lie ahead Some businesses like the powerful tech monopolies will thrive as a result of the disruption Other industries like higher education will struggle to maintain a value proposition that no longer makes sense when we can't stand shoulder to shoulder And the pandemic has accelerated deeper trends in government and society exposing a widening gap between our vision of America as a land of opportunity and the troubling realities of our declining wellbeing Combining his signature humor and brash style with sharp business insights and the occasional dose of righteous anger Galloway offers both warning and hope in equal measure As he writes Our commonwealth didn't just happen it was shaped We chose this path no trend is permanent and can't be made worse or corrected

I'm Feeling Lucky Douglas Edwards, 2011-07-12 A marketing director's story of working at a startup called Google in the early days of the tech boom Vivid inside stories Engrossing Ken Auletta Douglas Edwards wasn't an engineer or a twentysomething fresh out of school when he received a job offer from a small but growing search engine company at the tail end of the 1990s But founders Larry Page and Sergey Brin needed staff to develop the brand identity of their brainchild and Edwards fit the bill with his journalistic background at the San Jose Mercury News the newspaper of Silicon Valley It was a change of pace for Edwards to say the least and put him in a unique position to interact with and observe the staff as Google began its rocket ride to the top In entertaining self-deprecating style he tells his story of participating in this moment of business and technology history giving readers a chance to fully experience the bizarre mix of camaraderie and competition at this phenomenal company Edwards Google's first director of marketing and brand management describes the idiosyncratic Page and Brin the evolution of the famously nonhierarchical structure in which every employee finds a problem to tackle and works independently the races to develop and implement each new feature and the many ideas that never came to pass I'm Feeling Lucky reveals what it's like to be indeed lucky sort of an accidental millionaire a reluctant bystander in a sea of computer geniuses who changed the world This is a rare look at what happened inside the building of the most important company of our time Seth Godin author of *Linchpin* An affectionate compulsively readable recounting of the early years 1999-2005 of Google This lively thoughtful business memoir is more entertaining than it really has any right to be and should be required reading for startup aficionados Publishers Weekly starred review Edwards recounts Google's stumbles and rise with verve and humor and a generosity of spirit He kept me turning the pages of this engrossing tale Ken Auletta author of *Greed and Glory on Wall Street* Funny revealing and instructive with an insider's perspective I hadn't seen anywhere before I thought I had followed the Google story closely but I realized how much I'd missed after reading and enjoying this book James Fallows author of *China Airborne*
